Objective

I am interested in frontend software development in my professional future. I hope to learn more about internship opportunities for the Summer of 2024.

Education

Purdue University, West Lafayette, IN

May 2026

Bachelor of Science in Computer Science

GPA: 3.34/4.00

John Martinson Honors College | Dean's List Fall 2022

Relevant Coursework:

- **Completed:** Object Oriented Programming, Foundations of Computer Science, Programming in C, Python Programming
- **Currently Enrolled:** Computer Architecture, Data Structures and Algorithms

Projects

Retail Calendar - CS 18000

November- December 2022

- Collaborated with a group of 4 students to design an application using Java to store and manage appointments for a user.
- Integrated a user interface, allowing both retailers and consumers to schedule appointments avoiding overlapping times, featuring concurrency between multiple users, and client-server communication to store data.

Experience

France A. Córdova Recreational Sports Center - Operations Assistant

April 2023 - Present

- Assist in the daily operations of the France A. Córdova Recreational Sports Center.
- Provide exceptional customer service to all members and operate in a fast-paced, professional environment.

Skills

Languages: Proficient in Java, C | Experience with C++, Python, SwiftUI, HTML, CSS
